24 May 1963 Memo for DDNRO from DNRO Brockway McMillan

Three reasons to support NRO use of CIA contracting authority for other than Program B tasks:

- 1) To provide essential security to ~~NRO~~ matters not possible otherwise.
- 2) To provide speed of response not obtainable through DOD contractual channels through use of existent CIA contracts in cases of urgency.
- 3) To obtain significant savings to the govt or improvement in management by use of such contracting authority in joint procurement actions.

I shall expect generally to follow this policy in making assignments of such NRO contracting tasks.

25X1

NRO review(s) completed.
